

## **Trabuco Road Streetscape Project** *(Currently Under Design)*

The City is planning to provide traffic relief and landscaping improvements to Trabuco Road from Bake Parkway to Via Del Rio.

Improvements may include:

- Constructing the raised landscaped medians on Trabuco Road from Bake Parkway to the Lake Forest Drive intersection
- Adding approximately 2000 feet of sidewalk and a bike lane on the west side of Trabuco Road
- Implementing traffic signal and storm drain modifications, slope retention, and landscape improvements

This project is currently under Caltran's environmental review.
